SUPERIOR ROCHESTER SQUAD DEFEATS FIGHTING BUFF AND BLUE ELEVEN IN THIRD GAME

Hamilton Takes Lead in First Quarter with Touchdown by Ollikainen Shortly After First Whistle

Surprising Rochester with its best showing so far this season, the Hamilton football team lost a 13-6 decision to the Yellowjackets on the latter's field Saturday after leading 6-0 throughout the first half. Rochester's second team began the game, kicking off to the invaders from the Hill. In three minutes' time, seven plays in all, Ollikainen, Hamilton quarterback, scored the first touchdown of the game. Although the Rochester first string team was gradually sent into the game, Hamilton held off the attack for the remainder of the first half.

Fighting hard, and blocking and tackling much better than in previous contests, Hamilton wore itself out in the last half in an effort to keep the smooth-working Rochester offensive from crossing the Hill goal-line. Despite Hamilton's doggedness the home team scored in both the third and fourth quarters.

Hamilton Defense Weakens

The Buff and Blue suffered greatly from injuries during the game. Sellers, Estabrook, and Jensen, comprising the center of the first string line, were all forced to retire from play before the game had ended. DeSormo, star Hamilton tackle, also aggravated an old leg injury.

Rochester's superior physical shape told throughout the last two quarters, when Hamilton's defense gradually weakened and Warner scored in the third quarter. This tally was followed by an 11 yard run for a score by Drojorski in the last quarter.

Had Chance to Win

Jim Heyl, playing his first game as regular end for Hamilton, exceeded all expectations and ably seconded the excellent work of Captain Fisher, his running mate on the other wing . George Kingsley also played well, his splendid punting putting Rochester deep in its own territory several times.

Hamilton, despite Rochester's better offensive and smoother all-around functioning in general, showed a decided reversal of form over that exhibited in the Alfred and Clarkson contests. Rochester, coming to life after trailing early in the game, made several first downs but was unable to score, as the Hamilton defense held in the moments of danger.

Hamilton's greatest chance to win came in the closing minutes of the game. Rochester, leading by 7-6 and playing deep in its own territory, tried a double reverse, with the ball carrier being forced behind the goal line. Hamilton

FIRST ISSUE OF LIT TO APPEAR

Book Review by Jones, '30, to Feature November Number To Be Out Soon

According to William Sloane, '32, editor-in-chief, the Hamilton Literary Magazine will make its first appearance of the year early in November. This publication, which has risen to great popularity in the few years since its restoration by the class of 1928, promises this year to put out issues of even higher standard than those of the past.

At present the material at hand includes an article by Louis C. Jones, '30, which is a book review of the "Scottish Man of Feeling" by Harold W. Thompson, '12. The book itself deals with the life and times of Henry MacKenzie, a writer of the late eighteenth century. There are to be dramatic criticisms by Vernon A. Ives, '30, as well as poetry contributed by Charles L. Todd, '33, Wheaton P. Webb, '33, and William G. Roehrick, '34. An article on the "greatest spy of The War" by Herman F. Schilz, '33, will be published in addition to several short stories.

There is a great need for acceptable copy, according to Mr. Sloane. Potential writers, especially freshmen, are urged to hand in suitable material to the editor who will give it careful consideration. The November issue is the first of four issues for the year; the others will be published in January, March, and May.

Royal Gaboon to Make Appearance This Week

Featuring an unusual and striking cover design by John C. Homans, '34, the Royal Gaboon will make its first appearance of the year Thursday as the House Party Number, according to John H. Mangan, Jr., '32, the editor.

The forthcoming issue will be further distinguished by several changes in its appearance. The board refuses to divulge the nature of these alterations before the magazine is off the press.

The House Party issue will be on sale at the game and at the tea dances.

COLLEGE REGISTRATION FALLS BELOW MARK SET LAST YEAR

Enrollment Totals 451, Four Below Record; One Hundred Thirty Freshmen

The complete enrollment of the College this year totals 451, a number four less than that of last year, according to figures released from the President's office. The new class this year is one of the largest freshman classes ever admitted to Hamilton, being only eight smaller than last year's first year group which was the largest class in the history of the College.

The Class of 1935 has a membership of 151 men. The sophomores are next with a total of 135, only two less than the number in that class last year. The junior class numbers 90 as compared with the 85 of last September. In the senior class there is just one more than in 1930, this year totaling 75.

The new members of the freshman class number 130, the other members being those who are not in regular standing in the sophomore class. Ten states are represented by the new men. As has been the case in past years, New York far outnumbers its nearest competitors, sending a group of 106 to the College. New Jersey is next with 11 men while Pennsylvania is third with four. Massachusetts ranks next having three and Tennessee, Illinois, Maryland, Iowa, Rhode Island and Michigan fill out the rest of the total number, each sending one man.

Thirty-three preparatory schools have sent representatives to Hamilton College as members of the freshman class. Deerfield Academy, of Deerfield, Mass., sent the largest delegation, five men. Nichols School of Buffalo sent three, and six other private schools sent two men each.

VARSITY CLUB RESUMES WORK

Will Expand Activities and Policies Of Last Year's Effective Organization

The Hamilton Varsity "H" Club, which in the first year of its existence during the two semesters of 1930-31, carried out its policy of entertaining visiting athletic teams, will soon begin its 1931-32 activities, according to an announcement by Walter H. Pritchard, '32, president of the organization.

The Varsity H club was formed in the spring of 1930 with LaRue G. Morris, '31, as its first president. Since then, the club has entertained visiting teams during their stays on the Hill and has provided a friendly atmosphere for the athletes of other schools, thus strengthening relations and feelings between Hamilton and its various opponents.

Anyone who has received a letter in Hamitlon varsity athletics is eligible for membership in the Varsity "H" Club.

Present and Former Captains Lead Buff And Blue in Initial Cross-Country Win

H. C. Campbell, '32

W. H. Pritchard, '32

HARRIERS WIN AT ANNANDALE

Pritchard and Campbell Tie For First Place Over Difficult Course

Scoring the only Hamilton victory of the weeek-end, the cross-country team defeated the St. Stephens harriers decisively in its first meet of the year Saturday at Annandale. Led by Captain Campbell and Pritchard, who tied for first, the Hamilton team finished with four men in the first five places.

The five-mile course at Annandale, which is the most difficult that the Hillmen will run this year, was shortened to four and a half miles to coincide with the distance of the Hamilton course.

Campbell and Pritchard completed the run in 24 minutes and 3 seconds. Poppe turned in a third for the Buff and Blue with Bell, St. Stephens, fourth. Gildersleeve and Clegg, Hamilton, placed fifth and sixth while Carr, St. Stephens, and Olszewski, Hamilton, were next to finish. Following them Kates, Rodda, and Courtney, all of St. Stephens, completed the course in the order named.

CLASS PLAYS TO BE GIVEN SOON

All Plays Must Be Presented By Thanksgiving, New Ruling Declares

The new rules concerning the presenting of class plays, outlined by the executive committee of the Charlatans recently, will take effect with the presentation of the four plays this fall. A requirement that five full rehearsals for each play be held before the play is given is one of the new stipulations. All four plays will be given on one night, which must be before Thanksgiving.

President John Walsh, '32, of the Charlatans has made the following appointments of students who will be in charge of the plays for their respective classes: Freshmen, Joseph D. Ahearn; sophomores, William G. Roehrick, Jr.; juniors, Robert L. Fay; and seniors, Arthur H. Stein. None of the classes has as yet indicated its choice of play.

This is the third year in which the class plays have been presented.

CORNELL DOWNS HILL BOOTERS

Hamilton Team Displays Good Form But Bows to Strong Ithaca Group

Although the Buff and Blue displayed its best form of the season, working well both offensively and defensively, Cornell's powerful soccer team turned in a 5-1 victory over the Hamilton booters Saturday by superior play in all departments of the game.

The first half was exceptionally well played and even, the Red team having only a 2-1 margin at half time. Both lines carried the ball quickly toward the opposing goal, only to be turned back by strong defensive work.

Lack Scoring Punch

Cornell scored the first goal of the game about mid-way through the first quarter, when Higgins rolled one through from scrimmage in front of the goal, but Hamilton returned a few minutes later with the most brilliant passwork of the game, which netted the visitors their lone tally. Pippitt recovered the ball on a Cornell throw-in, and passed to Creighton. Creighton then kicked across the field to Maijgren, who, after passing to Gross and receiving the ball back from him, centered to Symonds, who scored on a beautiful shot into the corner of the goal.

The play continued nearly even in the second period, Cornell scoring once on a beautiful corner kick from Larco, headed into the cage by Williams, who was the high-scorer of the game. Hamilton had the ball in Cornell territory most of this period, but was unable to produce the scoring punch.

Show Best Brand of Soccer

Cornell changed its type of play when the game was resumed after the intermission between halves, shooting more and passing less when near the goal. This proved to be a successful manoeuvre, for Williams scored twice during the third quarter, once from a scrimmage in front of the goal following a corner kick, and again on a perfect shot in the upper corner of the goal. Kreigh scored the only goal of the final frame on a comparatively long shot after dribbling down the field.

Accurate pass-work and blocking combined with clever dribbling marked the difference between the two teams, but the Continentals showed their best brand of soccer. Fredman, Diggs, and Ruland again shone on the defense, while Captain Maijgren, Creighton, and Bull also played well.

The line-up and summary:

Hamilton (1)		Cornell (5)
Diggs	G	Ehopman
Abbott	RF	Bennett
Fredman	LF	Toth
Cunningham	RH	Mueller
Ruland	CH	Koppler

RUTH BRETON GIVES INITIAL HILL CONCERT

Musical Arts Society Season Begins Monday

RECITAL IN CHAPEL

Hill Group Entertained by Violinist; Reception at Home of Shute

Playing before a large audience in the College Chapel last night, Miss Ruth Breton displayed unusual technique and mastery in the first concert offered this season under the auspices of the Musical Arts Society.

The rendition of a difficult variation on a theme by Corelil, arranged by Tartini, revealed Miss Breton's skill from the start. The force with which she played this number and the grace and ease which was brought out in Schubert's "Sonatina in D Major" displayed her versatality to a marked degree.

So enthusiastic was the audience in its applause following the "Concerto in D Minor" by Bruch and a group of short but beautiful numbers, that she was forced to respond with several encores. Most excellently done of the entire program were the last two numbers listed, the familiar "Berceuse" by Paul Juon and a "Polonaise in A Major" by Weiniawski.

As encores she offered several of the more famous numbers for the violin including one which she gave last year, "La Campanella" by Paganini. She also played one of Albaniz's Chansons. She was accompanied by Miss Betty Baker. The concert was followed by a reception at the home of Professor Shute.

The program was as follows:

I

Variations on a theme by Corelli ..... Tartini
Siciliano ..... Geminiani
Sonatinain D Major, Op. 137, No. 1 ..... Schubert
Allegro molto
Andante
Allegro vivace

II

Concerto in D Minor ..... Bruch

HESS ADDRESSES CLUB IN UTICA

Hamilton Professor Explains the Recent Advances Made In Biology

Addressing a meeting of the Kirotex Club of Utica held in the Hotel Martin on October 5, Dr. Walter N. Hess explained to the members the recent advances made in the science of Biology.

Dr. Hess mentioned dozens of interesting biologic happenings and etxraordinary facts. He told of the use ship owners make of electrically lighted hulls in an attempt to prevent the growth of barnacles. The fact that bits of living tissue have been kept alive for many years and probably can be kept alive indefinitely by scientists who are willing to provide food for them and remove the waste cells was a feature of the speech. In the removal of these waste cells may lie the secret of eternal youth, according to Dr. Hess.

He spoke of man's fight against the three dreaded diseases of malaria, yellow fever and hookworm, and told how yellow fever had almost entirely been removed from the Western hemisphere. He discussed the triumph of science over Addison's disease and pernicious anemia.

Dr. Hess also gave suggestions as to how the people of West Utica might best rid that section of the city of the crickets which have been bothering them.

Alumni Contribute Many New Books to Hill Library Shelves; Numerous Additions Also Made to Browsing Room Collection

Since June 1, 1931, the Hamilton College Library has acquired a total of 1356 new volumes. Of these, 996 have been by purchase, and 370 by gift. The donors, all alumni of the college, in recent years have donated many books to the library, more so than formerly, according to Mr. Joseph D. Ibbotson, librarian. Those who have found it difficult to do larger things for the College have been making smaller gifts, for the most part money and books.

Mr. Louis J. Ehret, '04, of New York, who has given the library $500. annually for several years past, has made it possible for Hamilton to subscribe to the new edition of the catalogue of printed books in the British Museum. The first volume of this great bibliographical work has been received, and further volumes are expected shortly. It will extend to not less than 160 folio volumes. From his gift the library will be able to acquire five volumes of the first editions of Leigh Hunt for the Hamilton collection of that writer, which is practically the best in the country. Several other rare books have been added through the Ehret gift.

Professor Joseph L. Appleton, Jr., '09, of the University of Pennsylvania, continued his generous gifts in the department of scientific history. Alexander Woollcott, '09, has sent the library about 140 volumes from his own library, chiefly current literature. Professor William P. Shepard, '92, has given 41 volumes of philology, literary history, and recent French fiction.

Professor Harold W. Thompson, '12, of the State College at Albany, has given a copy of his recent interesting book, "A Scottish Man of Feeling." Col. Charles H. Hitchcock, '79, of Binghamton, has added another of his privately printed translations from the Greek dramatists.

Mr. William J. Lennox, of Chicago, who is writing a life of Samuel Kirkland, spent several days on the Hill again this summer, reviewing his study of Kirkland papers in the library.

The group of librarians of colleges and universities of central and western New York, who are making plans for cooperation in the purchase of costly books and periodicals and for the development of special collections in their libraries, met here at the Faculty Club for a conference during August. Especially interesting to Mr. Ibbotson are the agreements which were reached in regard to archaeology, mediaeval history, and international relations, in each of which Hamilton is to take a large share of responsibility.

About 40 volumes have been added to the shelves in the Browsing Room, and many more are to be bought for that room in the near future. More than 4600 books have been loaned during the period under review.

CLASS ORDER

Traditions are an integral part of Hamilton College. They perhaps more than anything else comprise the link that claims the enduring loyality of the Hamilton men who have departed their undergraduate days. Without its traditions and customs the Hilltop would cease to be anything more than a cluster of stone buildings of various descriptions and ages.

It is unfortunate that year after year pressure must be exerted to keep numerous of these traditions alive. But such is the case, and the undergraduates are perhaps most frequently negligent in the observance of class order when filing out of Chapel after the morning exercises. It is unfortunate that attention must be called time and again to the violation of a custom such as this, which should, indeed, become, stronger rather than weaker merely through the individual observance of respect and courtesy.

SPEAK UP

It has been pointed out time and again that a football team to be successful must have the College behind it. While organized cheering is in a measure an indication of support, there is an additional way, far more effective than this, in which the College may show its interest and thus give the team the support it deserves.

In order to have a winning football team every player must be constantly conscious of the fact that he is a member of a team. To keep the team "football-conscious" day after day the College can do more than merely cheer at the game on Saturday. To a member of the team, even in passing on the campus, a question as to the next game, or a word or two in reference to football will do much to keep him "football-conscious".

To advise this conversational way of cheering the players is not to advise a false and merely outward appearance of interest but to urge expression of the real interest which the College actually does have for the team but rarely thinks to express personally.

Hill Upperclassmen Earn Leading Roles in Production of "Front Page" to Be Given by Charlatans Early in December

S. J. Holt, '32

J. J. Walsh, '32

R. L. Fay, '33

The cast of "The Front Page", famous newspaper play to be presented by the Charlatans early in December, was chosen at a tryout held Wednesday evening in the Little Theatre. This play had a long run in the Times Square Theatre in New York several years ago, and has recently been adapted to the screen.

Robert L. Fay, '33, vice president of the Charlatans, has the leading role of Hildy Johnson, a reporter for the Herald-Examiner, while John J. Walsh, '32, president of the Charlatans, will play the part of McCue, of the City News Bureau. Samuel J. Holt, '32, has been cast as the Mayor in the production. Other Hill students to play parts of reporters are W. Baldwin, '33—Wilson of the American; C. O. Cowles, '33—Murphy of the Journal; A. H. Stein, '32—Schwartz of the Daily News; D. Riddle, '34—Kruger of the Journal of Commerce; W. T. Noon, '34—Bensinger of the Tribune; Brown—Endicott of the Post.

H. B. White, '34, will play the role of Woodenhouse Eichhorn, a German policeman, and Donald Ahearn, '35, will pay the part of Sheriff Hartman. Other characters are Linowitz, '35—Diamond Louie; J. A. Handy, '35—Mr. Pincus; M. F. Gettings, '35—Earl Williams; R. T. Haas, '35—Walter Burns.

There are also three female parts which have not been cast as yet, though it is expected these will be chosen soon.

Nearly 100 students competed for positions in the tryouts. They were judged by Professor Paul A. Fancher, Professor Robert Barnes Rudd, Mrs. A. P. Saunders, and John Haydn Jones.

BUFFALO NEXT ON HILL CHART

Buff and Blue Team Weakened By Injuries; Scobie Is Back In Lineup

With Estabrook definitely out of the game and Jensen, DeSormo and Sellers injured, Coach Winters will send a weakened eleven against the University of Buffalo football team Saturday on Steuben field. The Bison City delegation held Carnegie Tech, 25-0, two weeks ago and rode over Alfred University by a 20-13 score at Alfred last week. The visitors will present a heavy squad of veterans in their Hill invasion.

Despite the loss of Estabrook and the injuries sustained by Sellers, Jensen, and DeSormo, Hamilton will be strengthened by the return to the line-up of Andy Scobie, sophomore backfield star. Scobie suffered a broken nose in one of the first practice sessions of the season and has not been able to return to play since.

The weight of the Buffalo aggregation is one of its greatest threats. Three of the backs average 190 pounds and the line averages 191 pounds from tackle to tackle. Mallanowicz, who will be remembered for his work as center on the Buffalo basketball team, will call the signals Saturday and throw most of the passes. He and his teammates, Beyer and Ward, have reputations as hard running backs.

The probable line-up for the visitors is:

Ends—Winer, Mannino.
Tackles—Yockelson, Altman.
Guards—Manch, Dieter.
Center—Cleland.
Quarter—Mallanowicz.
Halfbacks—Beyer and Cotton.
Fullback—Ward.

Buff and Blue Will Meet Cortland Team

The Buff and Blue booters play their first home game against Cortland Normal School this Saturday. Nothing is known of the visitors' eleven this year, but judging from past years the team should be a strong one.

Indications are that several changes may be tried in the line-up in practices during the week, and it may be that several men will be playing in strange positions, though it is doubtful that there will be any newcomers to the line-up.

If the Buff and Blue can continue the brand of soccer displayed against the strong Cornell team last week, the team should be able to take the measure of the Cortland team.

Trustees Have Annual Fall Meeting Saturday

The annual fall meeting of the Board of Trustees will be held on the Hill as usual on the Saturday morning of House Party. Apparently the only old business to be disposed of is the acceptance of committee reports, and it may be that further and more definite plans will be made in regard to the proposed new gymnasium.

As has been the case in the past, this meeting will cause a change in the regular schedule of classes on Saturday morning, the Chapel exercises and the regular 8:30 classes being interchanged.

Ferry Speaks at Wesleyan Meeting

President Frederick C. Ferry attended the meeting of the Executive Committee of the Carnegie Foundation for the Advancement of Teaching, held in New York City Friday. Following that meeting, he went to Middletown, Conn., where he spoke at the opening ceremonies in connection with the Wesleyan Centennial Celebration.

HILL STUDENTS HEAR SPEAKER

Dr. Paul W. Harrison Speaks At Meeting of Political Science Club

Dr. Paul W. Harrison, author and medical missionary to Arabia, addressed the Political Science Club Friday night at the Delta Kappa Epsilon house, speaking informally on the general situation in the Near East. The speaker was introduced by John J. Walsh, '32, president of the club.

Dr. Harrison, who has carried on missionary work in Arabia since 1909, believes that our national relationship with the Near East is bound to increase. "In our growing intimacy with these countries we should be acquainted with the factors that go to make up their peculiar and significant situation.

"The first and most important of these factors is the extreme poverty that oppresses the inhabitants. This destitution is largely due to the insufficient rainfall and the exigency of natural resources. The vast majority of the people are poor, and will remain so.

"Religion also adds to the unusual circumstances existing in these eastern countries. Mohammedanism creates fine individuals but kills all power of cooperation. Thus it excites an intense hostility towards aliens, but does not furnish the coalition necessary to oust these invaders.

"The third influencing agent is the racial system of government originating in Asia. The ruler of the tribe exercises absolute power as long os he continues an able ruler. When his despotism proves distasteful he is promptly assassinated—a 'one man' government checked by an unusual recall."

Dr. Harrison believed, however, that the impact of foreign trade from the West was causing a subtle transformation. "The United States has done much to help these people, but our efforts have just begun. Our greatest assistance will be in the establishment of a Christian community to serve as a nucleus, and by example to bring about reform in Eastern family life." In conclusion Dr. Harrison spoke very highly of the educational work Hamilton is making possible in Terehan, Persia.

Honorary Society Inducts Two Juniors

Hallock C. Campbell, '32, and Sidney S. Glazer, '32, were inducted as members of Phi Beta Kappa on September 30 in a meeting of the Epsilon chapter at the Faculty Club. Both Campbell and Glazer were elected to the honorary society last June, as members of the junior class.

The meeting was well attended by the Phi Beta Kappa members of the faculty. President Frederick C. Ferry read a paper on "Is our present day education satisfactory?" Following this there was a discussion, and refreshments were served. Professor Willard B. Marsh, '12, was elected to the presidency of the Hamilton chapter to succeed Professor S. J. Saunders.

PERSONALITIES

It has been called to the attention of this department that the running river of harmless merriment, Calvin Leslie Lewis, C. O. D., e. g., i. e., and countless other obtuse degrees, has heretofore been left unheeded and unharassed. We therefore offer the following expos of what we key-hole snoopers have discovered about this hither unchartered mind.

Mr. Lewis on the Modern English School

D. H. Lawrence is a prominent speaker over a prominent radio net-work. He is one of the prominent editors of a prominent New York daily. His interests lie prominently in politics.

On The Spanish Dance

Can't you picture a Spanish dancer in all her graceful movements? (The next must be seen to be appreciated.)

On Teaching and Teaching Methods

I've taught English Comp. for forty years, and I'm beginning to get pretty calloused!*

*We're just as sorry about it as you are, but our purpose is to give all the news that's fit to print.

Not that we're the ones to tell things behind people's backs but our College organist asserts that he smokes in chapel and sp between the pedals. but we don't know.

No, we weren't forced to retire in favor of a cigarette ad last week, so there! We were merely spending a quiet week in the infirmary after an accident suffered while trying to get something on the new profs. But we're not easily discouraged.

Attention Mr. Mattingly!!!

We know that you are a new member of the faculty and don't know the college as well as we do, or we should never have taken this liberty, but we hear you have been making frantic efforts to consult Dr. Hamlin, during one of his recent mid-day hymn-sings. We wouldn't eat our heart out about seeing him. It's not worth it, really.

Also you may as well know, since you seem inclined to play golf, that pricing golf-racquets, and wandering around the golf-fie were among the immediate causes of the Fall of Decadent Davis.

"Tabloid" Will Make Appearance on Hill

The Hamilton "Tabloid", an outgrowth of the Hamilton "Mirror" published two years ago, will make its initial appearance on the Hill at the Hamilton-Bufalo football game Saturday afternoon. The first issue of the paper will be offered in two editions—the first carrying a complete story on House Party and an advance on the football game, and the evening edition edition which will have a complete write-up of the games.

The afternoon edition will be distributed just before the football game while the second edition will be ready soon after the last whistle. Both editions will carr pictures and notes of the mem bers of both teams.

HAMILTON MEN PLAY BASEBALL

Perry, '22, and McBride, Former Hamilton Coach, Excel in Summer Games

Two men, one a Hamilton graduate and the other a former Hamilton coach, distinguished themselves brilliantly this summer playing on a successful Lake Otsego baseball team. They are Ralph Perry, star pitcher of the team, and Donald (Tuts) McBride, the catcher and manager.

Perry, who was graduated from Hamilton in 1922 is now an assistant principal of the Cooperstown High School. On the Hill he was a member of the Delta Upsilon fraternity and pitched on the varsity ball team. After graduation he went to Englewood, N. J. High School where he coached a baseball nine that won the New Jersey championship.

McBride, a Colgate graduate and three-letter man, coached several Hamilton teams, achieveing notable successes in baseball. He is a native of Utica and is well known in this vicinity for his athletic ability, being considered one of the finest athletes who ever attended Colgate.

The scholarship averages for the Hill fraternities, released in the first issue of **Life**, have been brought up to date with the result that Decagon Society, leading by a fraction of a point in the first figures, has relinquished first place to Delta Kappa Epsilon fraternity by three-hundredths of a point. The official standing for the year 1930-1931 shows that the Dekes compiled an average of 77.01 to 76.98 for Decagon.
